3440 X 1440 34 Inch Gaming LED Monitors Curved Screen 4K 165hz Rich Interface

Our Product Introduction

Basic Information

- Place of Origin: Shen Zhen
- Brand Name: Skipsoul
- Certification: CE/ FCC/UL/ ROHS
- Model Number: TS3401Q

Product Specification

- Resolution: 3440*1440
- Screen Proportion: 21:9
- Brightness: 350cd/m2
- Viewing Angle: H:178°V:178°
- Signal Interface: DHMI+DP
- Product Color: Black
- Highlight: **34in Gaming LED Monitors**, **Gaming LED Monitors Curved Screen**, **165hz 4k led gaming monitor**

34 Inch Monitor Curved Screen 3440*1440 4k 165hz Rich Interface Gaming Monitor

Curved 34-Inch Gaming Monitor with 165Hz

Gaming enthusiasts are constantly seeking the ultimate gaming experience, and display technology plays a pivotal role in delivering immersive visuals. The advent of curved monitors has revolutionized the gaming landscape, offering a more engrossing and captivating gameplay environment. In this article, we delve into the features and benefits of a curved 34-inch gaming monitor boasting a staggering 165Hz refresh rate—a combination that takes gaming to new heights of fluidity and immersion.

Unleashing the Power of Curvature

The curved design of the 34-inch gaming monitor wraps around the viewer's field of vision, creating a more encompassing and realistic visual experience. The curvature mimics the natural curvature of the human eye, reducing eye strain and enhancing peripheral vision, allowing gamers to feel fully immersed in their virtual worlds.

Fluid and Responsive Gameplay

One of the standout features of this gaming monitor is its impressive 165Hz refresh rate. The refresh rate refers to the number of times the monitor updates the image on the screen per second. With a 165Hz refresh rate, the monitor can display up to 165 frames per second, resulting in incredibly smooth and fluid gameplay.

Immersive Visuals and Enhanced Detail

The 34-inch curved gaming monitor offers an expansive display with a wider aspect ratio, enabling gamers to see more of the game world. The increased screen real estate enhances immersion, providing a more cinematic and enveloping experience. Additionally, the monitor's high resolution and pixel density ensure sharp and detailed visuals, allowing gamers to appreciate every nuance and texture in their games.

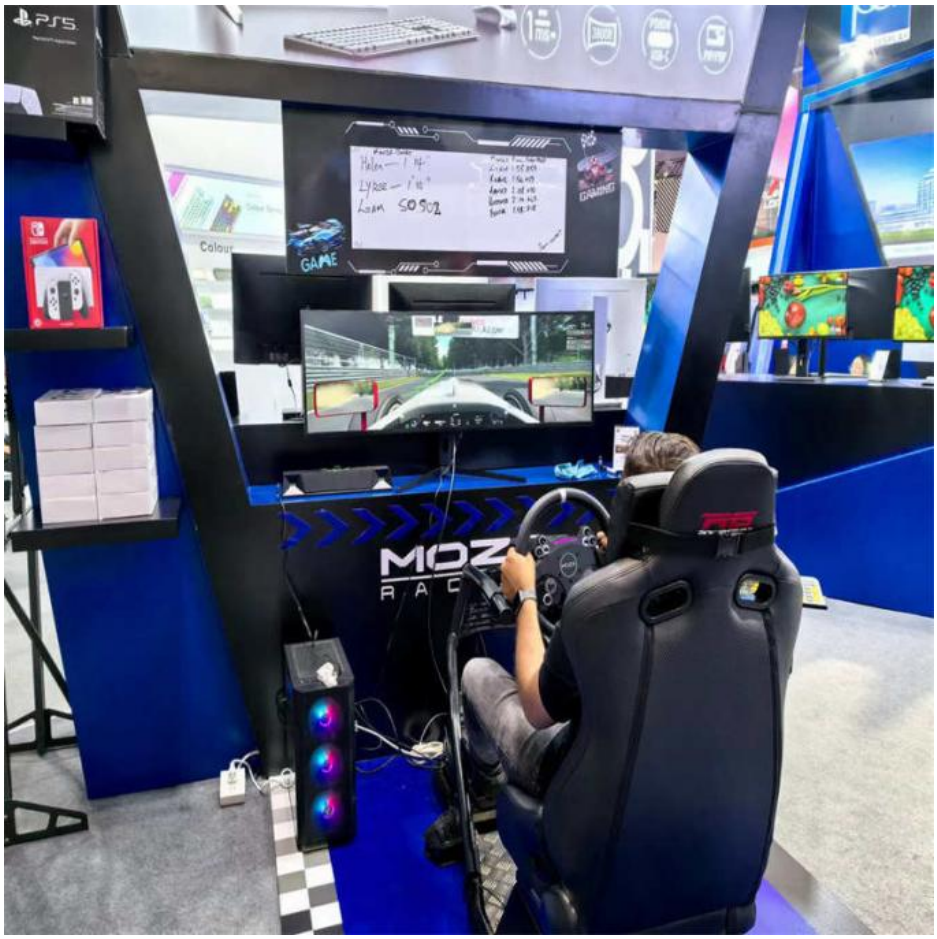
Adaptive Sync Technologies

To further enhance the gaming experience, the curved 34-inch monitor often incorporates adaptive sync technologies such as AMD FreeSync or NVIDIA G-SYNC. These technologies synchronize the monitor's refresh rate with the graphics card's output, eliminating screen tearing and stuttering, resulting in seamless and tear-free visuals. This synchronization ensures that every frame is displayed smoothly, contributing to a more enjoyable and immersive gaming experience.

Conclusion

The curved 34-inch gaming monitor with a 165Hz refresh rate offers a truly immersive and exhilarating gaming experience.

LED Monitors	
Brand	DIY/OEM
Product color	Black/White/Other
Backlight source	OLED/TFT-LED
Screen size	22-49 inch Gaming Monitor
Screen proportion	(16:9)/(21:9)
Backlight	CCFL / OLED
Resolution	1920*1080/2560*1440/3840*1440/3440*1440
Brightness	300cd/m2
Contrat	800:1
Viewing angle	H:178°V:178°
Color temperature	16.7M
Brushing	75Hz/144Hz/165Hz
Scanning method	Progressive scan
Response Time	3ms
Other interfaces	DC-12V/HD MI/DP
Power consumption parameters	
Environmental conditions	Work temperature : -10 to 70°C
	Working humidity : -10 to 70°C
	Save temperature : -10 to 70°C
	Save humidity : -10 to 70°C
Power supply	110V-240V -DC12V
	electricity : 5A
	Machine power consumption : 25-45W



FAQ

Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q:What is the minimum order?

A:Our company mainly deals in wholesale business,but if you insist on buying one, or you only need one set,we will also deliver the goods to you.

Q:Can I buy a prototype to test before buying in bulk?
A:Yes, please feel free to contact us.

Q:What payment methods do you accept?
A:Our company supports most payment methods, but usually accepts T/T, PayPal.

Q:What are your shipping methods?
A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q:I would like to ask you if it's possible to have my logo on the product.
A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q:What is your delivery time?
A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
