## Product Description

# Customized 13.3 Inch Open Frame Monitors Embedded Capacitive Screen Panel PC Industrial Screen Monitor

### Interactive Technology

These open-frame monitors feature advanced capacitive technology, which provides responsive and precise control, allowing users to navigate content effortlessly with intuitive gestures.

### Flexible Mounting Options

Designed with an open frame structure, these monitors offer versatile mounting possibilities, enabling seamless integration into kiosks, interactive displays, point-of-sale systems, and industrial equipment.

### Durable Construction

Built to withstand continuous use, these open-frame monitors feature a robust construction that ensures longevity and reliability, making them ideal for demanding environments.

### Enhanced Connectivity

These open-frame monitors are equipped with a range of connectivity options, including HDMI, VGA, and USB ports, which facilitate easy integration with various devices and systems for enhanced functionality.

### Versatile Applications

From retail environments to interactive exhibits, and industrial control panels to gaming systems, these 13.3-inch open-frame touch monitors cater to a wide range of applications with precision and adaptability.

Screen proportion	16: 9
Backlight	CCFL / LED
Resolution	1080 P
Brightness	300cd/m2
Contract	1000:1
Viewing angle	H:178°V:178°
Color temperature	16.7M
Brushing	60Hz
Scanning method	Progressive scan
Response Time	3ms
Other interfaces	HDMI
13.3 Inch Open Frame Monitor	
Environmental conditions	Work temperature: -0 to 60°C
	Working humidity: -0 to 60°C
	Save temperature: -0 to 60°C
	Save humidity: -0 to 60°C
Power	DC12V
	electricity : 3 A
	Machine power consumption: 31W

## FAQ

### Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

### Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

### Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

**Q: What payment methods do you accept?**

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

**Q: What are your shipping methods?**

A: We support sea, air, rail transportation, and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

**Q: I would like to ask you if it's possible to have my logo on the product.**

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

**Q: What is your delivery time?**

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
