Basic Information

- Place of Origin: Shen Zhen
- Brand Name: Skipsoul
- Certification: CE/ FCC/UL/ ROHS
- Model Number: TRC156

Product Specification

- Resolution: 1920*1080
- Screen Proportion: 16:9
- Brightness: 300cd/m2
- Viewing Angle: H:178°V:178°
- Signal Interface: HD+USB
- Touch: Capacitive Touch
- Attributes: Embedded
- 3M Touch: Support
- Highlight: 15.6in all in one industrial pc touch screen,
HD all in one industrial pc touch screen,
Embedded industrial all in one pc touch screen

Product Description

Factory Direct Sale HD 15.6 Inch Touch Monitor Computer All In One PC

15.6 Inch Touch Monitor All in One PC

The 15.6-inch touch monitor all-in-one PC is a versatile and powerful workstation that combines the convenience of a touch-enabled display with the functionality of a high-performance computer. In this article, we will delve into the features and advantages of the 15.6-inch touch monitor all-in-one PC, highlighting its immersive display, intuitive touch functionalities, powerful performance, and adaptability across diverse work environments.

Immersive Display for Enhanced Visual Experience

The 15.6-inch touch monitor all-in-one PC boasts a generous display size that creates an immersive visual experience for users.

Intuitive Touch Functionalities

Equipped with a responsive touch screen, the 15.6-inch all-in-one PC offers intuitive touch functionalities that simplify tasks and streamline workflows. The 15.6-inch touch monitor all-in-one PC is equipped with powerful hardware to handle resource-intensive tasks with ease.

Convenient Connectivity and Expandability

The 15.6-inch touch monitor all-in-one PC offers convenient connectivity options to integrate with existing systems and peripherals. It typically features a range of ports such as USB, HDMI, Ethernet, and audio jacks, allowing easy connection to printers, external storage devices, additional displays, or network infrastructure.
