Product Description

Frameless Computer Lcd Monitor 23.8 24 Inch IPS Desktop Led Computer Monitor

Premium IPS Panel

The 24 inch computer monitor features an IPS (In-Plane Switching) panel, delivering exceptional color accuracy, wide viewing angles, and excellent image quality. The IPS technology ensures consistent and vibrant colors, making it suitable for tasks that require precise color representation, such as graphic design or content creation.

Smooth Refresh Rate

With a refresh rate of 75Hz, the 23.8-inch LED monitor provides smoother motion and reduced motion blur compared to standard 60Hz monitors. This enhanced refresh rate ensures a more responsive and fluid experience, making it ideal for tasks that involve quick movements, such as video editing or gaming during breaks.

Stylish White Shell

The 24-inch LCD monitor comes with a white shell design, adding a touch of elegance and modernity to your office setup. The white color scheme creates a clean and professional look, complementing various office decor styles and enhancing the overall aesthetics of your workspace.

Wide Viewing Angle

The 23.8-inch LED computer monitor offers a wide viewing angle, allowing you to view the screen comfortably from different positions without significant color or contrast shifts. This feature is particularly useful for collaborative work, presentations, or when sharing the screen with colleagues during meetings or discussions.
