Product Description

Lift And Rotate LCD LED Computer 23.8 24 Inch IPS Frameless Screen Monitor For Office

Crisp Full HD Display

The 23.8-inch LED touch monitor showcases a 1920x1080 pixel resolution, providing sharp and detailed visuals. This Full HD resolution ensures clear text, sharp images, and accurate graphics, enhancing your overall viewing experience for tasks like document editing, web browsing, or multimedia consumption.

Smooth Refresh Rate

With a refresh rate of 75Hz, the 24-inch LCD touch monitor delivers smoother motion and reduced motion blur compared to standard 60Hz monitors. This enhanced refresh rate ensures a more responsive and fluid experience, making it ideal for tasks that involve quick movements, such as video editing or gaming during breaks.

Versatile Ergonomic Design

The 23.8 inch lcd computer touch monitor is equipped with ergonomic features that allow you to customize its position according to your comfort. It can be lifted and lowered to adjust the height, tilted forward or backward for optimal viewing angles, and rotated to switch between landscape and portrait orientations. These features promote a comfortable and personalized working environment, reducing strain on your neck, back, and eyes.

Wide Viewing Angle

The 24-inch LED touch monitor offers a wide viewing angle, allowing you to view the screen comfortably from different positions without significant color or contrast shifts. This feature is particularly useful for collaborative work, presentations, or when sharing the screen with colleagues during meetings or discussions.

Energy-Efficient Operation

The 23.8-inch LED monitor is designed to be energy-efficient, contributing to reduced power consumption and lower electricity costs. It may include power-saving features like automatic sleep mode or energy-efficient LED backlighting, promoting a more sustainable and eco-friendly office environment.
