Product Description

Hot Sale Digital Frames Frameo 8 Inch Digital Video Player Display Stand with Lcd Screen

Display Photos and Videos

The primary function of a digital photo frame is to display digital images and videos. It supports various file formats, such as JPEG, PNG, BMP, and GIF, allowing you to showcase your collection of digital memories.

LCD Screen

The digital picture frame features an 8-inch LCD screen with a resolution of 800x600 pixels. While not as high as Full HD resolution, it still provides a decent viewing experience, allowing your photos and videos to be displayed.

Slideshow Mode

Most digital photo frames provide a slideshow mode, enabling automatic transitions between photos. You can set the interval at which the images switch, creating a dynamic display of your cherished moments.

Adjustable Display Settings

The photo frame typically offers adjustable display settings such as brightness, contrast, and color saturation. These settings allow you to customize the visual appearance of your photos and videos to suit your preferences.

Power Options

Digital photo frames typically offer multiple power options. They can be powered by an AC adapter or connected to a power outlet for continuous operation. Some models also include a built-in rechargeable battery, allowing for portable use without the need for a constant power source.

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
