Product Description

27 Inch Android Touch Screen Tablet RK3399 WIFI Bluetooth With Android System

27-Inch Android Touch Screen Tablet RK3399 with WiFi and Bluetooth

In the digital age, technology continues to evolve, driving innovative solutions for various industries. The 27-Inch Android Touch Screen Tablet RK3399 with WiFi and Bluetooth is a prime example of this progress. This cutting-edge device combines a large touch screen, the power of the RK3399 processor, and the versatility of the Android operating system. In this article, we will explore the features and advantages of the 27-Inch Android Touch Screen Tablet RK3399, highlighting its immersive display, robust connectivity, and Android system capabilities.

Immersive Display

The 27-Inch Android Touch Screen Tablet RK3399 boasts a spacious and immersive display, creating an engaging user experience. The touch screen functionality adds an extra layer of interactivity, enabling users to navigate through applications, websites, and multimedia content with ease. With the 27-Inch Android Touch Screen Tablet RK3399, users can enjoy an immersive and responsive visual experience.

Robust Connectivity Options for Seamless Integration

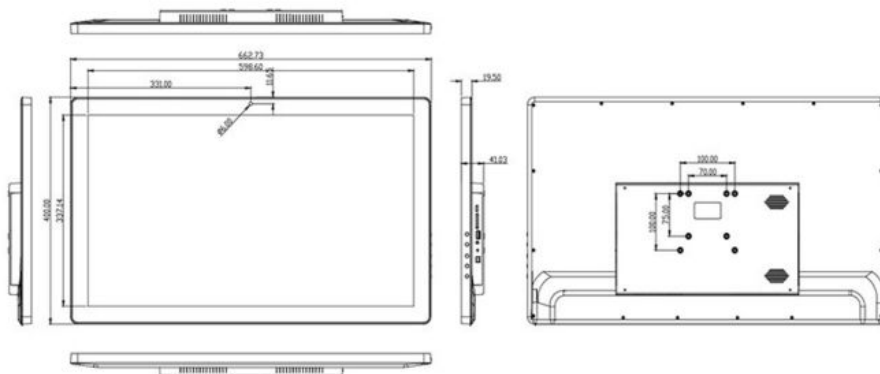

Equipped with WiFi and Bluetooth capabilities, the 27-Inch Android Touch Screen Tablet RK3399 ensures seamless connectivity with a wide range of devices and networks. WiFi connectivity enables users to access the internet, collaborate remotely, and stream media effortlessly. Bluetooth connectivity simplifies the integration of peripheral devices such as keyboards, mice, printers, and speakers, expanding the tablet's functionality.

Powerful RK3399 Processor for Enhanced Performance

The RK3399 processor powers the 27-Inch Android Touch Screen Tablet, providing the device with robust performance capabilities. The processor's high processing power and efficient multitasking capabilities ensure smooth operation, even when running resource-intensive applications. This enables users to handle demanding tasks, such as video editing, graphic design, and data analysis, with ease. The RK3399 processor supports seamless navigation, quick app launches, and efficient data handling, contributing to a productive user experience.

FAQ

Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q:What is the minimum order?

A:Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q:Can I buy a prototype to test before buying in bulk?

A:Yes, please feel free to contact us.

Q:What payment methods do you accept?

A:Our company supports most payment methods, but usually accepts T/T, PayPal.

Q:What are your shipping methods?

A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q:I would like to ask you if it's possible to have my logo on the product.

A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q:What is your delivery time?

A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
