Product Description

Supplier Sale 17.3 Inch Square Screen Monitor 1600*900 Resolution Desktop LCD Monitor

Screen Size

The LCD monitor has a diagonal screen size of 17.3 inches, measured from corner to corner. The larger screen size provides a more immersive viewing experience and allows for more content to be displayed on the screen.

Display Technology

Similar to other LCD monitors, the 17.3-inch LCD monitor utilizes liquid crystal display technology. It consists of a layer of liquid crystals sandwiched between two polarized glass panels, which manipulate light to create images.

Refresh Rate

The refresh rate refers to the number of times per second the LCD monitor updates the image on the screen. A typical 17.3-inch LCD monitor has a refresh rate of 60 Hz, which means it refreshes the image 60 times per second.

Response Time

The response time measures how quickly pixels on the display can change from one color to another. A lower response time is generally preferred for minimizing motion blur and ghosting in fast-moving scenes. A 17.3-inch LCD monitor may have a response time of around 1 millisecond (ms) to 5 ms, depending on the model.

Connectivity

The 17.3-inch monitor usually provides a range of connectivity options to connect to various devices. Common options include HDMI (digital), and VGA (analog). The available connectivity ports may vary depending on the specific model.

17.3 Inch LED Monitor Computer PC	
Brand	OEM
Product Color	Black
Backlight source	LED
Screen size	17.3 inch
Screen proportion	16:9
Backlight	LCD
Resolution	1600*900
Brightness	220cd/m2

Power	DC12V
	electricity: 4A
	Machine power consumption: 20W

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and also help customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on the quantity of your order and the season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
