Product Description

34 Inch 4K LED Gaming Monitor with R1500 Curvature and 165Hz Refresh Rate

Adjustable Height

The 34-inch LED gaming monitor is equipped with a height-adjustable stand, allowing you to raise or lower the display to your preferred viewing height. This feature helps you find a comfortable and ergonomic position, reducing strain on your neck and shoulders during extended use.

165Hz Refresh Rate

The 34-inch gaming monitor's high refresh rate of 165Hz ensures ultra-smooth and fluid motion on the screen. This eliminates gaming motion blur and provides a responsive gaming experience, allowing you to react faster to in-game actions and gain a competitive edge.

Adaptive Sync Technology

The 34-inch gaming monitor supports adaptive sync technologies such as AMD FreeSync or NVIDIA G-SYNC (depending on the model) to synchronize the refresh rate of the monitor with the frame rate of your graphics card. This helps eliminate screen tearing and stuttering, delivering seamless gameplay without interruptions.

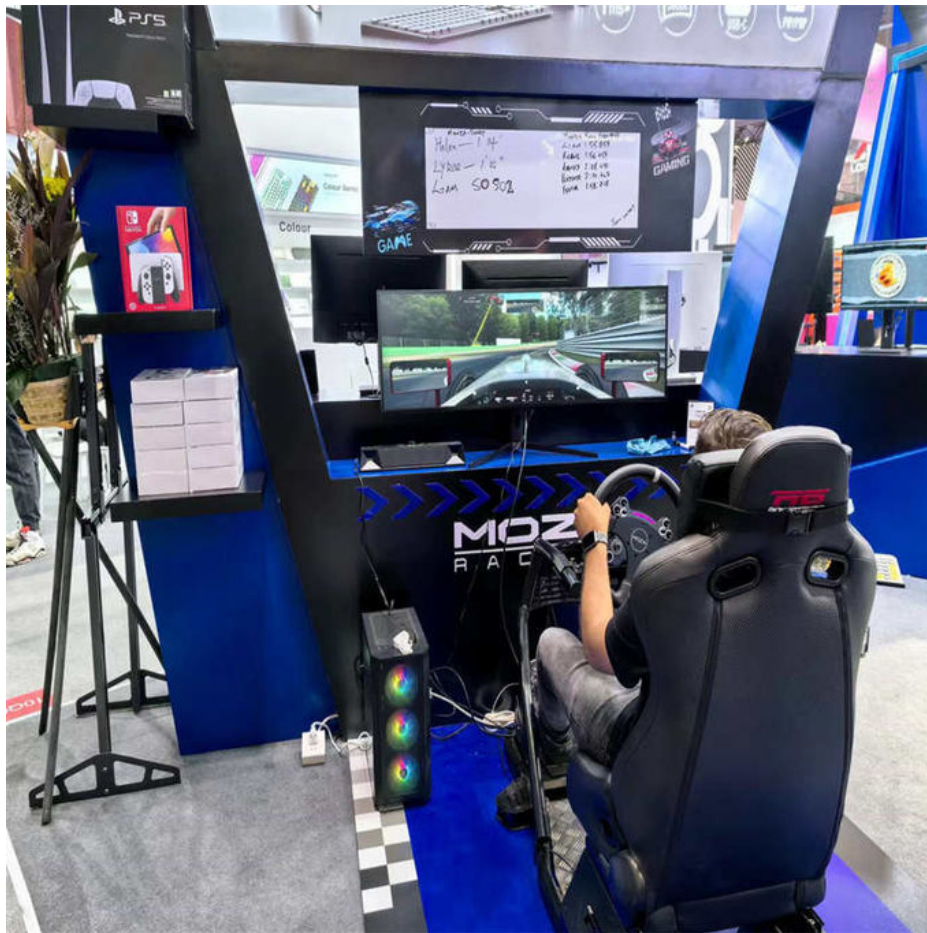

Customizable Gaming Settings

The 34-inch 165hz gaming monitor offers customizable gaming settings through an intuitive on-screen display (OSD) menu. You can adjust parameters like brightness, contrast, color settings, and gaming-specific features to optimize your gaming experience based on your preferences.

Energy Efficiency

The 34-inch gaming monitor is designed with energy efficiency in mind, consuming less power during operation. This not only reduces energy costs but also contributes to a more sustainable and eco-friendly workspace or entertainment area.

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the MOQ?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and we also help customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization so that we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
