Product Description

17 Inch 1280*1024 Capacitive Touch Screen Monitor With Stand High Resolution Touch Screen Display

Size and Design

The monitor has a 17-inch screen size, providing a large viewing area for users. It features a plastic shell, which offers durability and a lightweight construction. The 4:3 aspect ratio ensures a balanced and comfortable display layout, suitable for various applications.

Capacitive Touch Technology

The 17-inch touch monitor utilizes capacitive touch technology, allowing users to interact with the screen using their fingertips or a stylus. Capacitive touchscreens are known for their responsiveness, accuracy, and multi-touch support, enabling intuitive and smooth user interactions.

High-Quality Display

The 17-inch touch screen monitor offers high-resolution visuals, ensuring crisp and clear images and text. The color reproduction is accurate, providing vibrant and lifelike visuals. Wide viewing angles allow users to view the screen clearly from different positions.

Ordering Machine Integration

The 17-inch touch monitor is specifically designed for use in ordering machines commonly found in shopping malls. It can be seamlessly integrated into the ordering system, enabling customers to browse products and place orders easily. The touch interface facilitates a user-friendly experience, allowing customers to navigate menus, select items, customize orders, and complete transactions efficiently.

Durability and Reliability

The plastic shell construction provides durability, making it resistant to scratches and impacts. The 17-inch touch screen monitor is built to withstand continuous and heavy usage, ensuring long-term reliability in high-traffic environments like shopping malls. It is designed to operate reliably in various environmental conditions, including temperature and humidity variations.

Environmental conditions	Work temperature : -10 to 70°C
	Working humidity : -10 to 70°C
	Save temperature : -10 to 70°C
	Save humidity : -10 to 70°C
Power supply	12V
	electricity : 4A
	Machine power consumption : 45W

FAQ

Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q:What is the minimum order?

A:Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q:Can I buy a prototype to test before buying in bulk?

A:Yes, please feel free to contact us.

Q:What payment methods do you accept?

A:Our company supports most payment methods, but usually accepts T/T, PayPal.

Q:What are your shipping methods?

A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q:I would like to ask you if it's possible to have my logo on the product.

A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q:What is your delivery time?

A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
