## Product Description

### Super-wide Curved Monitor 4k IPS Panel 34 Inch 3440\*1440 165Hz Gaming PC Monitor

#### Gaming Performance

The 34-inch 165Hz curved gaming monitor is designed to offer an immersive gaming experience with smooth visuals. While not as high as some gaming monitors with higher refresh rates, 165Hz still provides a relatively smooth gameplay experience compared to standard 75Hz gaming monitors.

#### Adaptive Sync Technology

Many 34-inch curved gaming monitors, including some with a 165Hz refresh rate, feature adaptive sync technologies like AMD FreeSync or NVIDIA G-Sync. These technologies synchronize the gaming monitor's refresh rate with the graphics card's output, reducing screen tearing and stuttering for a smoother gaming experience.

#### Wide Viewing Angle

The 34-inch curved gaming monitor may come with an In-Plane Switching (IPS) panel, which offers wide viewing angles. This ensures that the colors and image quality remain consistent, even when viewed from different angles.

#### High Resolution

The 34-inch curved gaming monitor often has a high resolution, such as 3440\*1440 pixels (Super Ultrawide). This resolution provides a wide and panoramic view, enhancing gaming immersion and allowing for better multitasking capabilities.

#### Eye Care Features

Many 34-inch gaming monitors incorporate eye care technologies to reduce eye strain during extended gaming sessions. These features can include flicker-free technology and blue light filters.

34-inch 4k curved gaming monitor	
Brand	OEM/ODM
Product Color	Black
Backlight source	LED
Screen size	34-inch 4k curved gaming monitor
Screen proportion	21:9

	Working humidity: -10 to 70°C
	Save temperature: -10 to 70°C
	Save humidity: -10 to 70°C
Power supply	110V-240V -DC24V
	electricity: 7A
	Machine power consumption: 25-45W

## FAQ

**Q: How can I get the price?**

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

**Q: What is the MOQ?**

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

**Q: Can I buy a prototype to test before buying in bulk?**

A: Yes, please feel free to contact us.

**Q: What payment methods do you accept?**

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

**Q: What are your shipping methods?**

A: We support sea, air, rail transportation, and express delivery, and we also help customers to use their own logistics forwarders. Please confirm with us before placing an order.

**Q: I would like to ask you if it's possible to have my logo on the product.**

A: Yes, we support OEM and special customization so that we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

**Q: What is your delivery time?**

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
