Product Overview

32 inch Large Screen Self-Service POS Terminal Designed for Modern Business Scenarios. It integrates high-definition touch display, Android smart system, bank card/QR code payment, and thermal printing into one device. It is suitable for retail, restaurants, hospitals, banks, and other environments, helping to improve service efficiency and optimize labor costs.

Product Advantages

32 inch Full HD touch screen with 1920×1080 resolution, IPS LCD screen, vivid colors and wide viewing angles. 10-point capacitive touch, responsive and smooth operation.

Full-featured integrated design consolidates POS terminal, payment module, and thermal printer, allowing for complete browsing, payment, and ticket issuance processes without the need for external devices

Applicable to multiple industries, widely used in fast food restaurants, retail stores, hospitals, bank lobbies, etc., providing 24-hour self-service to enhance customer experience.
