Product Description

21.5-Inch Vertical POS Terminal: Streamline Operations for Busy Business Spaces

Core Advantages of This Compact All-in-One Terminal

Clear Display & Smooth Touch Interaction

Equipped with a 21.5-inch Full HD (1920×1080) IPS touchscreen, it delivers vivid colors and wide viewing angles—content stays sharp from any side. The 10-point capacitive touch responds instantly, handling fast-paced interactions even during peak business hours.

Space-Saving Integrated Setup

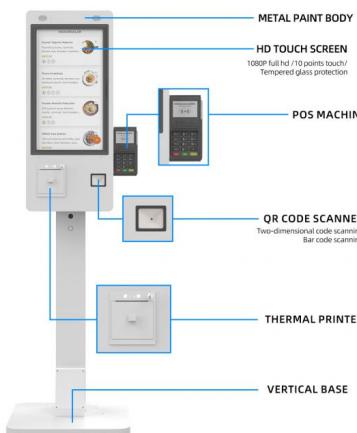

Its vertical, all-in-one housing combines a built-in thermal printer and multi-payment module (supports card swiping, QR code scanning) in one unit. No extra devices or tangled cables: customers can finish selecting, paying, and getting receipts in one seamless step, while your counter stays clutter-free.

Durable Build for Daily Heavy Use

The screen uses scratch-resistant, anti-impact glass (5–10x more impact-resistant than standard glass) to stand up to daily wear. It also tolerates over 150°C temperature differences, staying reliable in both warm dining areas and cooled retail spaces.

Versatile for Multiple Scenarios

Ideal for small restaurants, convenience stores, clinic check-in desks, and bank service counters. Its 24/7 operational capability cuts manual work and speeds up transactions in high-turnover environments.

SUPPORT VARIOUS CUSTOMIZATIONS

Customers who need customized products, please consult first.

Scratch resistant
Protect the screen from being scratched

Anti impact
Impact resistance is 5-10 times that of ordinary glass

Resistant to heat and cold
Resistant to heat and cold is 2-3 times of ordinary glass, can withstand the difference in temperature of more than 150 degrees

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
