Product Description

21.5inch All -Scenario Vertical Pos Terminal Redefining Business Service Experience

This 21.5inch all-in-one POS terminal is designed for diverse modern business scenarios, integrating high-definition touch monitor, smart Android system, multi-channel payment, and high-speed thermal printing.

With three installation options-vertical, wall-mounted, and desktop---it is perfectly suited for restaurants, hospitals, banks, and more, significantly improving service efficiency and reducing labor costs.

Highlight Selling Points

Flexible Installation for Versatile Scenarios:

Support vertical, wall mounted, and desktop placement. seamlessly integrating into lobbies, wall spaces, or checkout counters.

Full HD Visual Experience:

21.5inch IPS touch screen with vivid colors and 178° wide viewing angle, ensuring clear visibility from any perspective.

Integrated Design:

Built-in payment module and thermal printer eliminate messy cables, saving space and keeping checkout areas neat.

Multi-Channel Payment Support:

Compatible with card swiping, QR code scanning, face payment, and more, enabling seamless transactions and zero customer waiting.

All-Scenario Adaptability:

Delivers stable performance in fast-food restaurants, convenience stores, hospital payment windows, and other industries, meeting diverse business needs.

Product Advantages

Excellent Visual Interactive Experience

High-Definition Monitor: 1920*1080 full HD resolution with IPS LCD panel for vibrant colors and 178° wide viewing angle, ensuring clear visibility for both customers and staff.

10-point Capacitive Touch: Responsive and smooth operation even during peak hours, effectively reducing customer waiting time.

Flexible Installation Options

Vertical Floor Stand: Equipped with a stable base, ideal for open areas like lobbies or store entrances for self-service checkout.

Wall-Mounted: Save counter space, perfect for compact environments such as bubble tea shops and small supermarkets.

Desktop Placement: The preferred choice for traditional checkout counters, integrating printing and payment functions to boost cashier efficiency.

Stable Reliable Performance

Powered by a smart Android system for fast app loading and multi-tasking; built-in high-speed thermal printer; certified with CE, FCC, and RoHS for long-term stable operation.

Scratch resistant

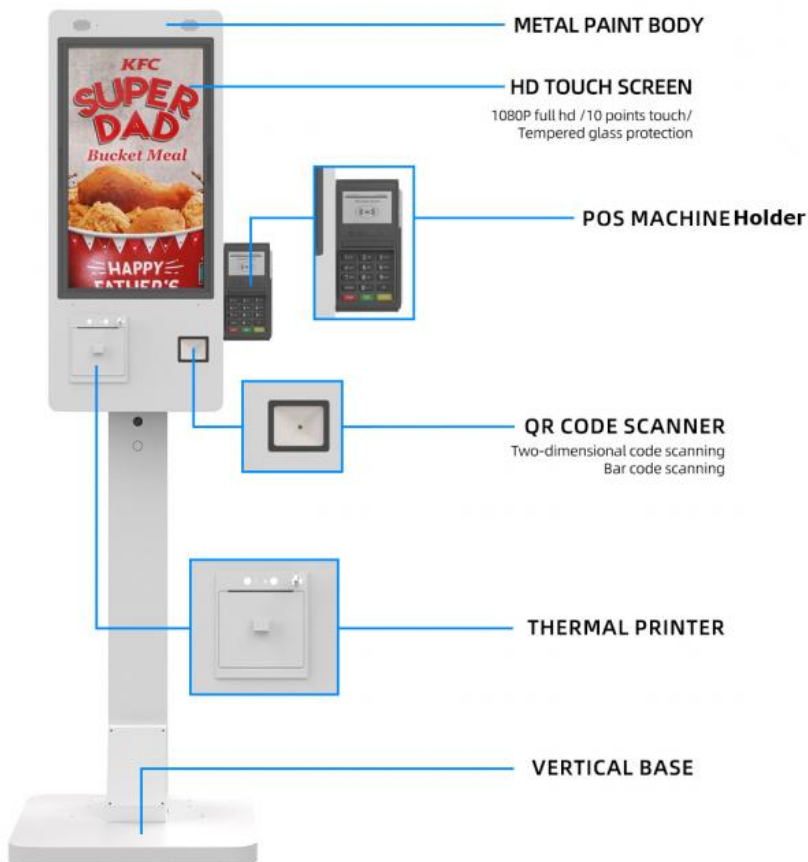

Protect the screen from being scratched

Anti impact

Impact resistance is 5-10 times that of ordinary glass

Resistant to heat and cold

Resistant to heat and cold is 2-3 times of ordinary glass, can withstand the difference in temperature of more than 150 degrees
