Product Description

AIO Windows Multi-Language Self-Service Kiosk

21.5-32 Inch Retail Self-Ordering Kiosk with Capacitive Touch IPS Display, 3 Mounting Methods, Custom Cost-Effective Solutions

Product Overview

This 21.5-32 inch all-in-one self-service terminal integrates high-performance capacitive touch, IPS FHD display and flexible installation options,

tailored for commercial self-service scenarios. It balances stable performance, small-batch customization and cost-effective pricing, making it a versatile solution for global retailers, service centers and public spaces.

Core Features

- Premium IPS FHD Display:** Built with 1920*1080 full HD IPS panel, delivering wide viewing angles, vivid color reproduction and clear visuals for excellent readability in various lighting conditions.
- Precise Capacitive Touch:** Sensitive capacitive touch technology supports fast response and accurate multi-touch operations for smooth self-service interactions.
- Flexible 3-Way Installation:** Supports wall mount, desktop stand and floor stand configurations to adapt to diverse space constraints.
- Small-Batch Customization:** Accepts low MOQ customization for appearance, functions and UI to meet differentiated business needs.
- Factory-Direct Cost Advantage:** Competitive bulk pricing and stable supply from direct factory production, maximizing partner profit margins.

Installation Options

- Wall Mount:** Space-saving solution ideal for narrow corridors, wall-side service areas and compact retail stores.
- Desktop Stand:** Compact and stable design perfect for checkout counters, reception desks and small business counters.
- Floor Stand:** Freestanding design for high-traffic public spaces like malls, airports and hospital lobbies.

Customization Services

We provide comprehensive small-batch customization to align with your brand and business needs:

- Appearance Customization:** Custom color, logo, shell material and shape to match your brand identity.
- Function Modularization:** Add or adjust modules including card reader, printer, QR scanner, and payment terminal.
- UI & Language Customization:** Tailored interface design, multi-language support and content layout for targeted users.
- Low MOQ Flexibility:** Accept small minimum orders to help startups and small businesses launch quickly.

Application Scenarios

- Retail & Catering:** Self-ordering kiosks for restaurants, fast food chains and convenience stores.
- Public Services:** Information inquiry and ticketing in airports, subway stations, hospitals and government halls.
- Hospitality:** Check-in/check-out kiosks for hotels and resorts to enhance guest experience.
- Entertainment:** Ticketing and booking in cinemas, gyms and amusement parks.

Factory & Supply Advantages

- Direct Factory Supply:** No middleman markup, ensuring competitive pricing and strict quality control.
- Flexible Supply Capacity:** Supports both small-batch customization and large-scale bulk orders, adapting to your business growth.
- Fast Lead Time:** Efficient production lines and supply chain, enabling quick delivery for urgent projects.
- Quality Assurance:** 100% pre-shipment testing, with 1-year warranty for core components.

After-Sales Support

- 24/7 Technical Support:** Online consultation and remote troubleshooting for quick issue resolution.
- On-Site Service:** Optional on-site installation and maintenance for bulk orders.
- Spare Parts Supply:** Abundant inventory to ensure fast replacement and minimal downtime.
- Lifetime Upgrade:** Software updates and hardware maintenance for long-term partnership.

Brightness	300cd/m ²
Contrast	1000:1
Viewing Angle	H:178° V:178°
Response Time	5ms
Interfaces	DC-12V/HDMI/VGA
Working Temperature	-10 to 70°C
Working Humidity	-10 to 70°C
Power Supply	110V-240V
Power Consumption	80+W

Frequently Asked Questions

How can I get the price?

We typically provide quotations within 24 hours after receiving your inquiry (excluding weekends and holidays). For urgent pricing requests,

please contact us directly via email or other communication methods.

What is the minimum order quantity?

While we primarily handle wholesale business, we can accommodate single unit orders if required.

Can I buy a prototype to test before buying in bulk?

Yes, prototype testing is available. Please contact us to arrange sample testing.

What payment methods do you accept?

We support most payment methods, with T/T and PayPal being our standard accepted payment options.

What are your shipping methods?

We support sea, air, rail transportation, and express delivery services. We can also work with your preferred logistics forwarders. Please confirm shipping arrangements with us before placing your order.

Is it possible to have my logo on the product?

Yes, we support OEM and special customization services. We can design, produce, and process according to your requirements, including custom logos on the product, packaging, and instruction manuals.

What is your delivery time?

Delivery time depends on your order quantity and seasonal demand. Typically, small quantities ship within 5-15 days, while larger quantities deliver within approximately 30 days. We ensure delivery within the agreed timeframe.
