Product Description

21.5 Inch Vertical Self-Service Payment POS Terminal

Key Features

21.5" Vertical Touchscreen: High-definition vertical display for intuitive self-ordering and payment, ideal for fast-food restaurants.

Dual OS Options: Available with Android or Windows system, compatible with most cashier software and payment plugins.

Built-in 80mm Thermal Printer: Integrated auto-cutter printer for fast, quiet receipt printing, no external device needed.

All-in-One Payment: Equipped with QR code scanner stand + card/NFC reader, supporting WeChat Pay, Alipay, bank cards, and e-wallets.

Sturdy Vertical Design: Floor-standing or desktop model available, industrial-grade build for durability in high-traffic environments.

Advantages

Self-Service Efficiency: Reduces queueing time and labor costs by letting customers complete ordering and payment independently.

Seamless Printing: Fast, reliable receipt output for order confirmation and record-keeping.

Flexible Payment: Supports all major digital and card payment methods to cater to diverse customer preferences.

Durable Hardware: Scratch-resistant, oil-proof touchscreen and stable vertical structure ensure long-term operation in busy F&B environments.

Applications

Fast-food chains, bubble tea shops, coffee stores
Convenience stores and supermarkets
Scenic spots and industrial parks (24/7 self-service)
Any retail scenario seeking to optimize checkout efficiency
