Product Description

15.6 Inch Self Payment Kiosk with Printer and Barcode Scanner for Supermarkets

This 15.6 inch supermarket self-payment kiosk is an all-in-one self-checkout terminal built for modern retail stores. It combines a responsive capacitive touch display, embedded 1D/2D barcode scanner and high-speed thermal receipt printer in a compact, space-saving unit. Shoppers can scan goods, view subtotals, complete payment and print receipts independently, which greatly cuts waiting lines during peak hours and reduces your reliance on manual cashiers.
Perfect for supermarkets, grocery stores, convenience shops, fresh food retail and small retail outlets. It supports seamless connection with your POS, inventory and loyalty program systems for smooth store digital management.

Key Features

15.6" Full HD PCAP Touchscreen: 1920×1080 resolution, 10-point capacitive touch, high brightness for bright supermarket lighting, anti-glare optional.
Embedded 1D/2D Barcode Scanner: Fast read for product barcodes, QR codes, coupon codes and mobile payment codes; high recognition rate even for wrinkled or dim labels.
Built-in Thermal Receipt Printer: 58mm / 80mm optional, auto cutter available, fast printing, low noise, easy paper roll replacement.
Multiple OS Option: Android / Windows, compatible with most supermarket self-checkout software.
Rich Interfaces: Gigabit LAN, WiFi, Bluetooth, multiple USB ports for scale, camera, card reader and peripheral expansion.
Solid Housing: Metal alloy frame + durable plastic shell, anti-collision, easy to clean.
Optional Accessories: Bagging shelf, weighing scale, surveillance camera, light indicator, speaker.

Core Advantages

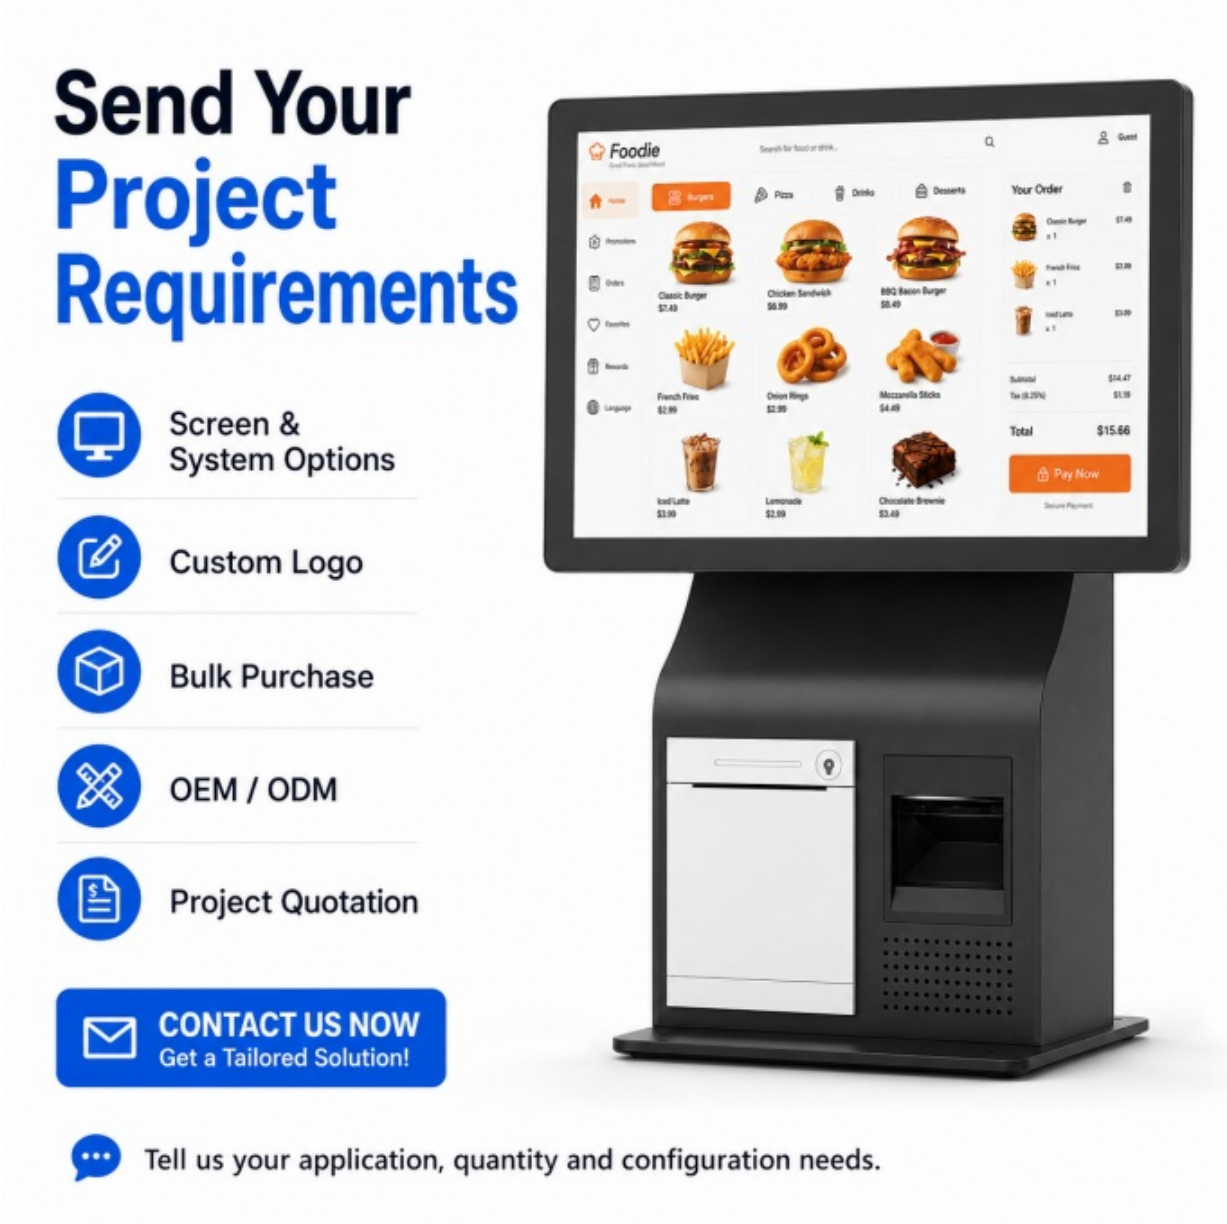

Cut Labor Costs & Short Queues
Replace multiple traditional cashier stations. Customers finish checkout by themselves, ease checkout pressure on weekends and shopping peaks, improve customer satisfaction and store turnover.
All-In-One Integrated Design
Built-in barcode scanner + thermal receipt printer + touch monitor, no messy extra wiring. Modular structure for easy maintenance and part replacement.
User-Friendly Operation Interface
15.6” full HD touch screen with clear step guidance. Simple scanning, payment and receipt-print workflow; new users learn quickly without long training.
Wide Payment Compatibility
Reserved mounting space for payment terminal, supports QR payment, NFC contactless tap, card payment and other mainstream local payment methods (payment terminal optional).
Stable Industrial-Grade Hardware
Industrial motherboard with stable performance, long running hours for 24/7 supermarket operation. Dustproof and anti-scratch casing for busy retail environments.
Flexible Deployment & Customization
Available in desktop or floor-standing version. OS can be Android or Win. Logo, UI, language and function modules can be for your brand.

Specifications

Product Type	Self-Service Payment Kiosk
Brand	OEM/ODM
